

Jillyn's Fine Art

Colorful and sensual
acrylic paintings of intuitive
abstracts and detailed portraits
for home or office decor,
hotels, interior design projects,
restaurants, commissions, and
image licensing.

For Colorado-based artist, Jillyn Archuleta, art is not just a talent of personal expression, but a spiritual journey of the heart. Her love of color and light fuels a poetic balance of energy and refinement.

Her love of nature in its infinite forms is her inspiration.
